Peters Joins Local Students to Turn On Speed Limit Sign

SAN DIEGO -- Council President Scott Peters joined students, teachers and parents from Sundance Elementary School on Thursday, August 24 for the installation of two v-Calm electronic speed limit signs.

In response to reports of excessive speeding on Twin Trails Drive, Council President Peters asked the City's Traffic Engineering Department to evaluate whether the area qualified for traffic calming measures.

Once the area was approved for the v-Calm signs, the Peñasquitos Planning Board set aside community funds to purchase them. The signs will display the posted speed limit and the actual speed at which drivers are traveling.

"Many students walk along this street on their way to and from school each day," Peters said. "I hope these signs will remind drivers to watch their speed. Shaving a few seconds off your commute is never worth the risk to a child's life."

August 24 was also the first day of classes at Sundance Elementary, and other campuses in the Poway Unified School District. Council President Peters reminds drivers to watch their speed near all schools.
